2018 A Year In Review

2018 in Review

We have seen incredible growth in our ministry this year, and are so grateful for the continued support of our network of faithful givers. Your prayers, as well as your sacrifices of time and money, enable us to continue to provide hope to some of the world's most vulnerable people.

School:

2018 was a year of growth for our on-site school. Last year we reported that we added three kindergarten classes; this year we were able to add 1st and 2nd grades! Not only are sponsored children attending our school, but other children from the community have also started to enroll. We are honored to be able to provide quality education to the children of Arcahaie from pre-K - 2.

Medical Clinic:

We are excited to announce that our medical clinic opened in 2018! Many common ailments are left untreated and turn into major problems for Haitians due to a lack of funds or inaccessibility to see a doctor. This clinic brought much-needed medical care to the community we serve. It is staffed by a full-time nurse and a part-time doctor who regularly attend to the needs of the children in our Child Development Program, our staff, and many other members of the community.

"Jesus said, 'Let the little children come to me, and do not hinder them, for the kingdom of heaven belongs to such as these.'"

- Matthew 19:14

Residential Program:

In August 2017 we welcomed 12 teenagers to our site who'd been experiencing a difficult life in an orphanage. Those teens are thriving today! They are succeeding in school and have the opportunity to participate in things like chess and sports clubs.

Spiritual Care:

The on-site church that was started by members of our Haitian staff has become a pillar of the community. Multiple Bible studies take place each week: youth boys, youth girls, a worship & evangelism group, and a prayer group. We look forward to seeing God continue to work in and through His faithful followers in Haiti!

13 Baptisms in 2018

Child Development Program:

The Child Development Program continues to positively impact the lives of many Haitian families. Our faithful child sponsors allow us to continue to feed, educate, and disciple over 140 kids in the community of Arcahaie. This takes some of the financial burden off of the families allowing them opportunities they may not otherwise have had, like building a bigger home or providing enough food for everyone in the home to eat each day.

Sponsored Kids To Date

- 145 KIDS SPONSORED IN HAITI
- 12 RESIDENTIAL YOUTH
- 3 YOUTH DEVELOPMENT PROGRAM
- 2 NEPAL KIDS
- 1 KOLKOTA KID

163 TOTAL

Expansion

We are excited to announce that Poverty Resolutions is expanding!

Haiti has always held a very special place in our hearts, but we feel very strongly about fulfilling the great commission which states, "Go and make disciples of **ALL NATIONS**, baptizing them in the name of the Father and of the Son and of the Holy Spirit, and teaching them to obey everything I have commanded you. And surely I am with you always, to the very end of the age."

- Matthew 28:19-20.

We want to see the gospel reach everyone. Astonishingly, 42% of the world's population, 3.14 billion people, have not heard the good news of salvation. This means that 4 out of every 10 people have not heard about Jesus' death and resurrection. How can they be saved if they have not heard? And how can they hear without someone telling them?

Our desire is to come alongside nationals who are sharing the gospel with their fellow countrymen to provide support for the good work they are already doing in countries where Christians are the minority.

What does this look like? In Nepal, we will be joining hands with a wonderful organization that is fighting child trafficking and sexual exploitation through their child sponsorship program - a program that affects hundreds and has seen many come to know Christ. These children are provided with safe homes and a Christian education in a Hindu nation, and we have the privilege of participating in this countercultural display of Jesus' love.

In Kolkata, home of Asia's largest red light district, it means providing sponsorship for children who've been rescued out of trafficking while also providing support for at-risk children. The hope of the gospel is being shared with these children by brave men and women who are also planting churches in an area where less than 1% of the population identifies as Christian.

God does truly spectacular things through those who choose to obey his directives. We are honored to play a small, supportive role in this Kingdom work. God has called and equipped missionaries and nationals around the globe to be the hands and feet of Jesus. We've been called and equipped to help. We can't do it alone.

How can you help? Expansion means more opportunities for child sponsorship. Please consider sharing the word about vulnerable children around the world who need food, education, protection, and the hope that comes from Jesus. Sponsorship changes lives forever. Help us make an eternal difference in the lives of children in need.

Our new website goes live on February 14, 2019. Mark your calendars and be sure to check it out!
