Transforming Lives through Kingdom Preparation

Without a saving knowledge of Jesus Christ, there can be no real HOPE despite improved circumstances. Bold Hope supports disciple-making through the following programs:

- Pastor/leadership training
- Discipleship & mentorship programs
- Bible studies

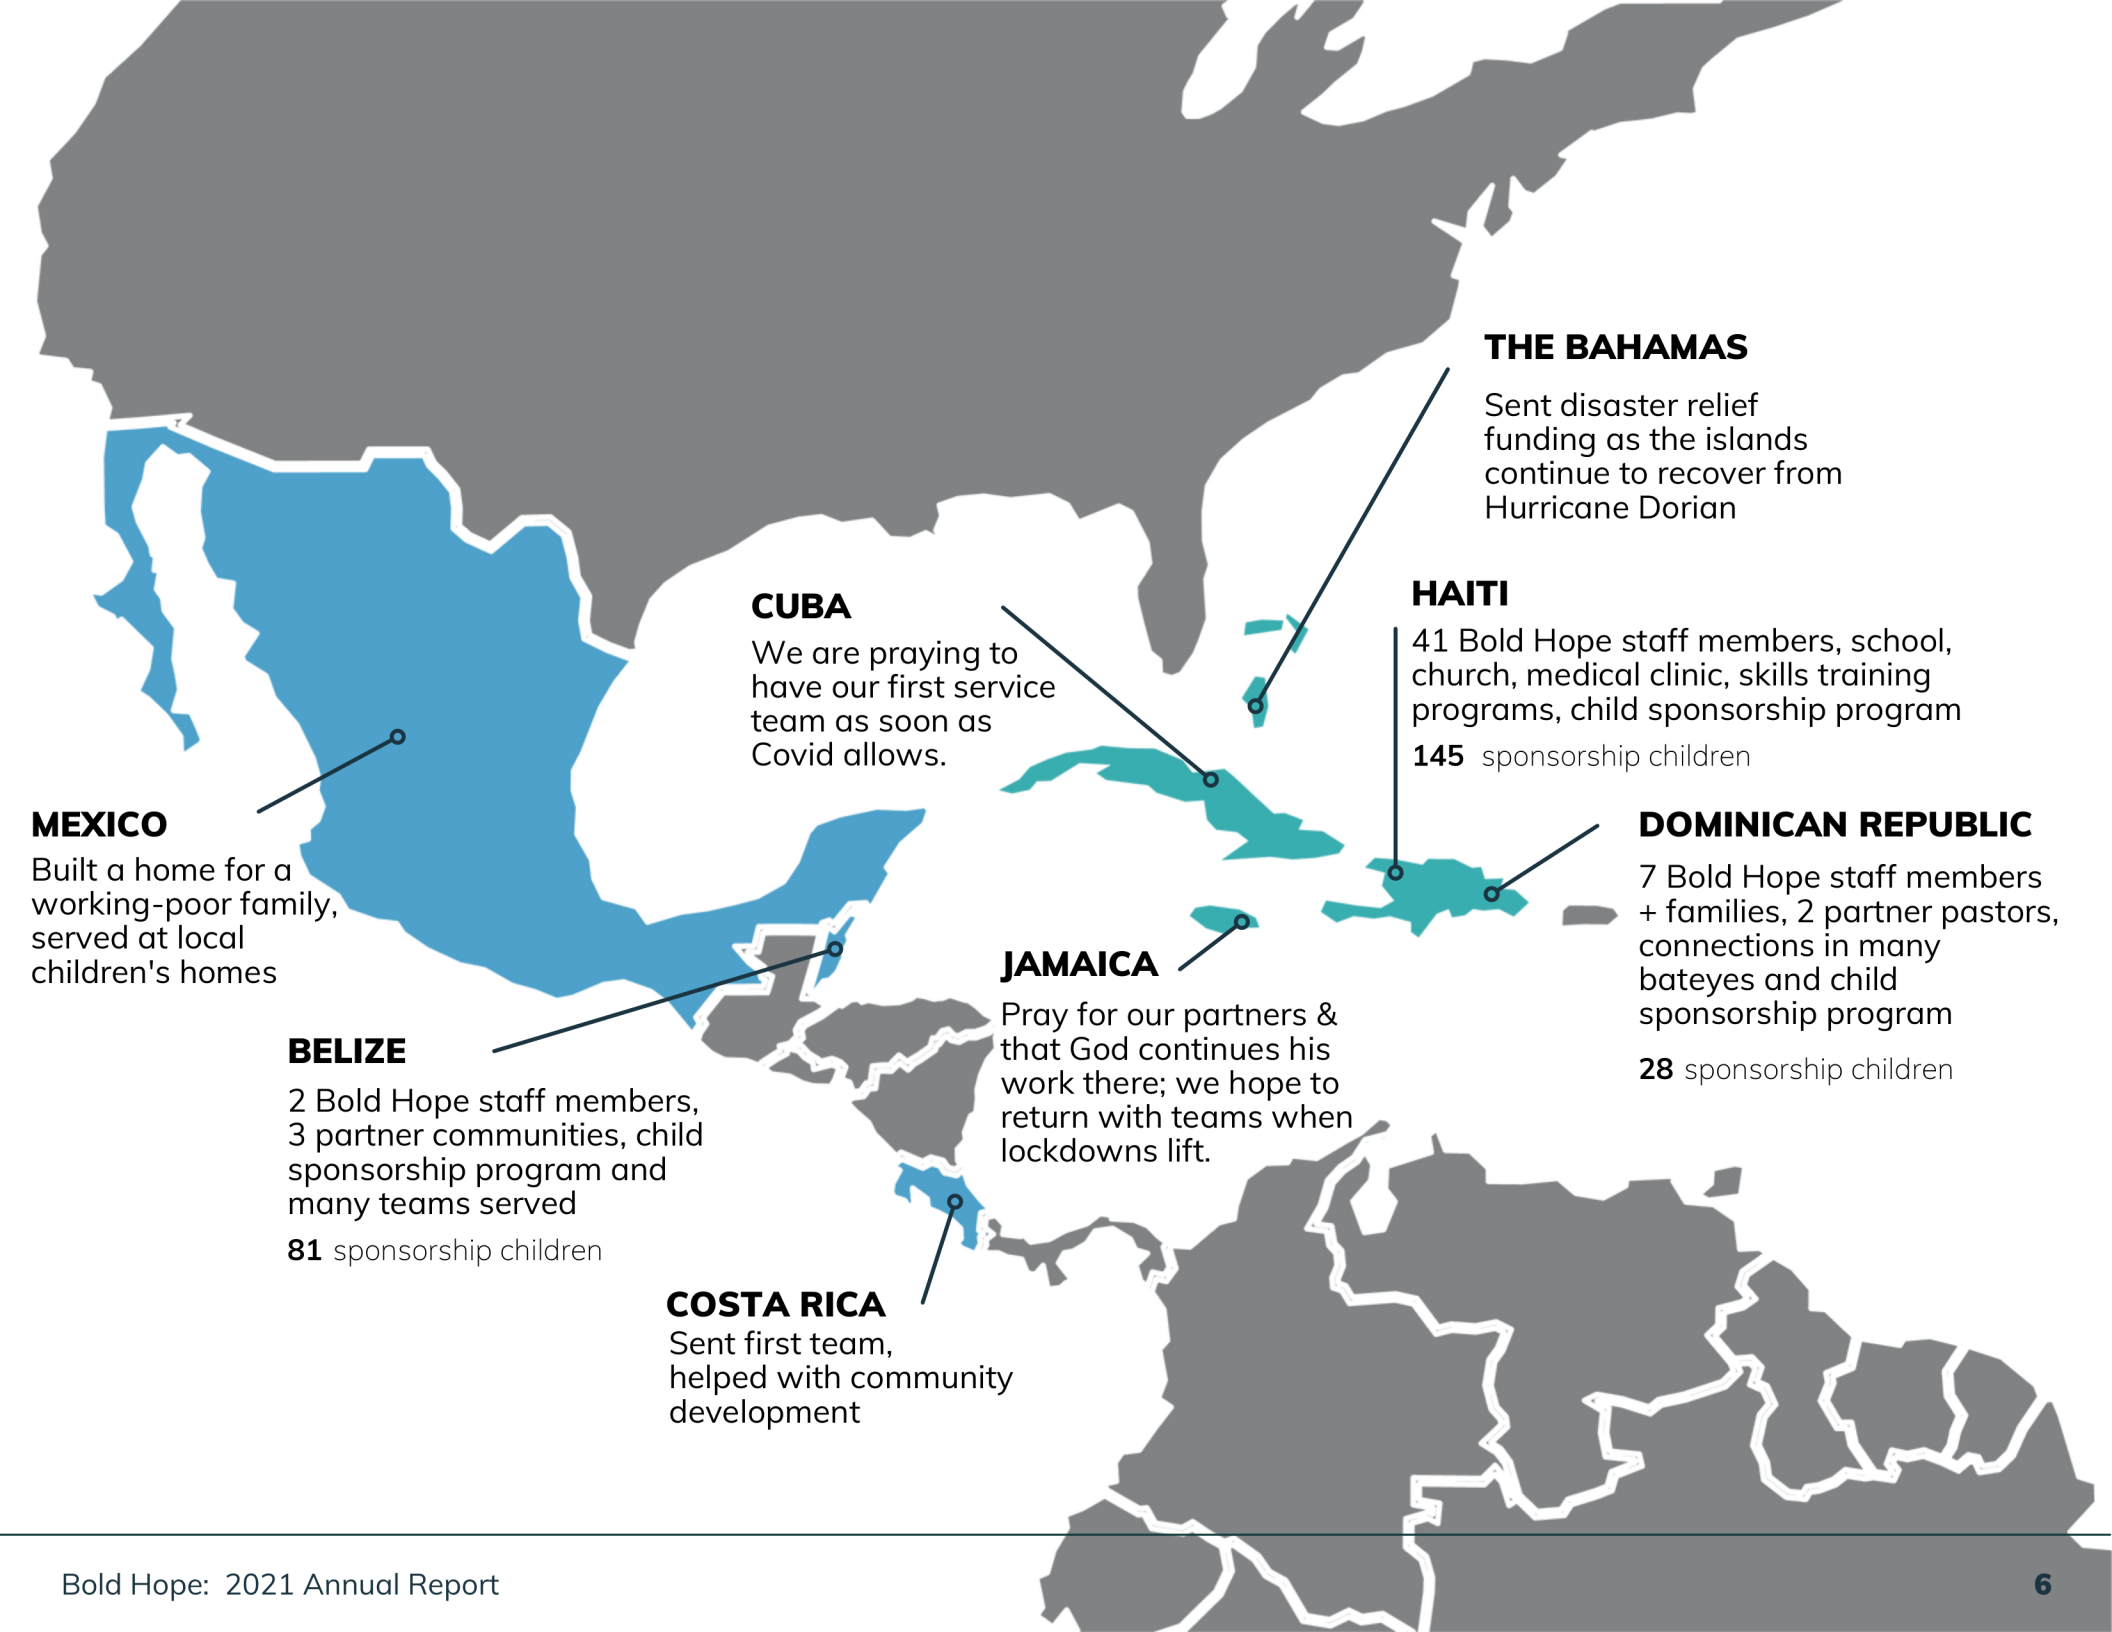

The whole world thought 2021 was going to be better. And maybe it was, marginally. More vaccines were available. Life started to open back up again. And yet... fuel shortages and breaks in supply chains put the cost of food out of reach for many. Schools were still shut down in places where people had no access to the internet. Jobs that were put on hold didn't resume. Unprecedented instability threw nations like Haiti and Zimbabwe into complete chaos. Hopelessness and despair became pervasive.

On an international scale, people needed HOPE in 2021 like never before. The HOPE of a next meal for their family. The HOPE of medical supplies and medication. The HOPE of refuge from trafficking. The HOPE of support after a natural disaster. The HOPE of a Savior who promises a future where there will be no more death or mourning or crying or pain (Rev. 21:4).

Our mission is to inspire HOPE by connecting and empowering people to transform lives worldwide. If we were going to live out that mission in 2021 we were going to have to enter into pain and sadness and suffering right along with those who were experiencing it on a daily basis. So with the help of our Bold Hope family, and because we serve a God who is able to do immeasurably more than all we ask or imagine (Eph. 3:20), we did. Hundreds of people prayed, served, and gave so that we could reach through the desperation to offer HOPE.

We raised over \$210,000 for medical care, trafficking prevention, discipleship programs, skills training, food distribution, and more. We supported partners in 15 countries. We sponsored nearly 250 children. But there is still more to be done because there are still billions who have not heard, who have no HOPE.

**“Do you not know? Have you not heard?
The Lord is the everlasting God, the
Creator of the ends of the earth. He will not
grow tired or weary, and his understanding
no one can fathom. He gives strength to
the weary and increases the power of the
weak. Even youths grow tired or weary,
and young men stumble and fall; but those
who HOPE in the Lord will renew their
strength. They will soar on wings like
eagles; they will run and not grow weary,
they will walk and not be faint.”
- Isaiah 40:28-31**

Story of Impact TRIP PARTICIPANT

“My sister and I joined Bold Hope on a mission trip to Belize. Our intentions were to serve God and his children. Belize taught us more than we could have ever imagined. While visiting the local school in the village of San Antonio we were greeted with big smiles from the sweetest children. Throughout the day we held VBS, played games with the children, and painted fingernails. There was one specific moment that will never leave my heart from that day. While I was walking around and talking to the children I looked over my shoulder, I saw my sister painting a little girl's nails. There is something so heartwarming and special about watching someone you love serve others through the love of God. What happened next is what blew me away... The little girl reached into a tiny pink purse and placed her last lollipop into my sister's hand and said, “this is for you”. The little girl does not have a lot of material possessions but she does have a loving heart. Even when we don't have a lot of possessions if we have the love of God in our heart, we have enough. This special moment reminds me of the sacrifice that Jesus made for us. Jesus gave his life for us when he died on the cross for our sins. I saw the love of God through this little girl, she taught me that the gift of giving is out of love. I am thankful for Bold Hope and for the experiences that they provide. Belize not only brought me out of my comfort zone but it brought me closer to God as well.”

IMPACT: CHILD SPONSORSHIP

Story of Impact

DOMINICAN REPUBLIC

Child Sponsorship impacts entire families, not just children! This year in the Dominican Republic we were able to help the mother of one of the children in our sponsorship program who suffers from a life-threatening disease. Her situation was dire; our relationship with her family enabled us to bring her to a local hospital where she was able to get the right medicine and begin a treatment program that has since been going well. She would not have been able to afford medicine or treatment without the help of Bold Hope, nor would she have understood what was happening as she only speaks Haitian Creole. The sponsorship program not only helped care for this mom, but also provided milk and diapers for her children at the same time. This was a family eking out their existence in incredibly desperate circumstances, yet now they have at least some HOPE for their future.

JANUARY

- Haiti Sponsorship Letter
 - Around 105 sponsors increased their donation by \$5 to help meet ongoing needs in Haiti... THANK YOU!

Story of Impact

In June of 2021, I took a group of graduating 12th grade students on a short mission trip to the Dominican Republic. These seniors had already experienced serving in their local church and in their community, so the goal for the mission trip was to allow them to “go into all the world” and serve in a different culture. One of our executive pastors and a few staff members also served on that mission trip. My entire group fell in love with people they served. Like many others who have served on a mission trip, my students went expecting to change lives but came back home having had their own lives changed from the experience. News of the excitement and the love these students had experienced traveled quickly through the high school, and the upcoming 12th grade students began asking if they could also serve in the same place for their senior mission trip. Our pastor enjoyed his experience so much that he decided our upcoming seniors and juniors should each sponsor a child in the place that they would visit on their senior mission trip, so our church graciously covered the costs for twenty-seven sponsored children. When school started this year, the pastor and I presented our juniors and seniors with the short bio and photo of their sponsored child that Bold Hope provided. The students were excited to immediately begin building a relationship with their sponsored child by writing their child a letter. My students were overjoyed when they received responses from the sponsored children, and they requested to be able to send small personal gifts and handwritten letters that could be personally delivered by me to the sponsored children when I visit their village in January. We decided that each of my juniors and seniors would create their own small bio to accompany their gift. This way, their sponsored child and their family could see who is communicating with them and praying for them. My students lift their sponsored children and families up in prayer every day in class. One of the most exciting things about these sponsorships is that my students will actually get to meet the children when they go on their senior mission trip. For my seniors, this is only a few short months away. For my juniors, they will have had two years of building relationships before they meet their sponsored child. I have sponsored children through other organizations, and I have never been so excited about a sponsorship program as am with this one! Legacy Academy hopes to have a long lasting relationship with Bold Hope!
